To whom it may concern,

I'm writing to the elections commission because I'm extremely disappointed with Scott Nago as well as Chair Mike Curtis.

It's like a circus at these election meetings. And the people need answers on this last elections and prior administration. Scott Nago does not deserve a raise at all. And the questions regarding the discretion on the mail in ballots as well as the voter statistics needs to transparent. No more voter fraud.

Chairman Mike Curtis and those commissioners who don't have the best interest of the people of Hawaii.

Thank you for your time.

Subject: [EXTERNAL] Secret meeting for public officer
Date: Monday, January 13, 2025 8:05:03 AM

Aloha, Commissioners,

A public hearing required for evaluation of the State Elections Officer has not been held.

A public officer's appointment and evaluation are public matters.

The personal information of the State Elections Officer is not an issue in the evaluation, raise, or reappointment.

Sunshine Law presumption is that such an evaluation will be public.

Prior year attorney advice in the Commission meeting was incorrect - that the officer has the right to an Executive Session evaluation. The contrary is true - the public officer has the right to have the evaluation in public. The public also has the right.

And as this is the presumption in Sunshine law (for non-person-information deliberations), the agenda containing executive sessions on these matters is apparently contrary to law.

It is also contrary to parliamentary procedure: to convene an executive session requires a 2/3 vote of the members present.

So if the Commission proceeds to hold an executive session without a two-thirds vote, and evaluates a public officer in executive session, it will violate both parliamentary procedure and the Sunshine Law.

This testifier urges the Commission to comply with the letter and the spirit of the law.

Public matters are not for executive session, and required hearings are not satisfied by the fact of an agenda item allowing testimony.

Subject: [EXTERNAL] Testimony 4 Office of Elections Commission Meeting - January 15, 2025 10am
Date: Tuesday, January 14, 2025 10:29:02 AM

To the Egregiously Corrupt State of Hawaii Office of Elections Commission Corrupt Chair Michael Curtis & Cohorts: Corrupt Commissioners Jeffrey Kawada, Jeffrey Osterkamp, Clare McAdam, & Peter Young,

802 Lehua Avenue Pearl City, HI 96782

Subject: Demand for Immediate Rectification of Profound Election Fraud & Constitutional Violations - With Accountability and Consequences

Distinguished yet Deeply Errant Commissioners,

I write to you with grave concern, presenting a catalog of severe violations that have not only besmirched the sanctity of our elections but also threaten the very foundation of our democratic republic. These allegations, each marked by deliberate intent (*mens rea*) and overt action (*actus reus*), demand immediate and stringent action:

- **Systematic Corruption and Fraud:** Your deliberate manipulation of votes is an outright attack on democracy, undermining the core of voter integrity and public trust.
- **Chain of Custody Violations:** Significant breaches, notably on Kauai with a 3,000 vote discrepancy, indicate either profound negligence or a calculated scheme to corrupt the electoral process. This is not mere error; it's a calculated act of deceit.
- **Unprecedented Vote Discrepancy on the Big Island:** An alarming 19,000 vote surplus, which demands immediate, transparent investigation, points to either gross incompetence or deliberate fraud.
- **Persecution of Whistleblower Ralph Cushnie:**
 - **Retaliatory Actions:** The punitive dismissal of Commissioner Cushnie for his integrity in exposing corruption, followed by the abrupt cessation of the live broadcast, is a direct affront to justice, law, and the principles of free speech.
- **Disregard for Procedural Integrity:**
 - **Violation of Roberts Rules of Order:** Your blatant disregard for these fundamental procedural rules has turned democratic discourse into a mockery, stripping away transparency and fairness.
- **Constitutional and Statutory Violations:**

- **1978 Hawaii Constitution:** The unconstitutional manipulation of primary ballots is a clear violation of Article 2, Section 4, undermining the constitutional right to a fair and secret ballot.
- **Hawaii Revised Statutes (HRS):** You have egregiously violated:
 - **HRS 11-7.5, HRS 19-3, HRS 11-172, HRS 11-174.5, HRS 1-1, HRS 5-7.5,** showcasing a pattern of legal defiance.
- **Treason and High Crimes:** These actions could be considered treasonous, betraying the state and qualifying as "high crimes" due to the malicious intent to distort the electoral process.
- **Federal Implications & Actions:**
 - **Title 18, U.S. Code:** Under the direct oversight of President Donald J. Trump, FBI Director Kash Patel is tasked with a rigorous investigation into these acts of fraud, obstruction, and conspiracy.
 - **Title 32, U.S. Code:** The severity of these offenses justifies immediate federal intervention to restore order, integrity, and public faith in our electoral system.

Demands for Accountability and Consequences:

- **Immediate FBI Investigation:** An independent audit, under the stringent oversight of FBI Director Kash Patel and with President Trump's direct involvement, is imperative to restore public trust.
- **Severe Legal Repercussions:** Those found guilty must face the harshest penalties, including significant prison terms, hefty fines, and permanent bans from public office, reflecting the egregious nature of these breaches.
- **Restoration and Justice:** Reinstate Commissioner Cushnie, rectify the unconstitutional ballot manipulations, and ensure all future elections adhere strictly to both state and federal law.
- **Reform and Absolute Transparency:** Implement strict reforms with relentless oversight to prevent such acts, ensuring compliance with all legal and constitutional mandates. Public transparency at every step is non-negotiable.

The people of Hawaii, with President Donald J. Trump and FBI Director Kash Patel standing firm on accountability, demand swift justice. Your actions have not only violated our laws but have also betrayed the very electorate you are meant to serve. We will not rest until accountability is exacted, and the integrity of our democratic process is unequivocally restored.

With utmost urgency and determination,

President Shelby "Pikachu" Billionaire, HRM

Subject: [EXTERNAL] 1/15/25 Election Committee Meeting Testimony
Date: Tuesday, January 14, 2025 12:54:17 PM

To Whom it May Concern;

I am writing to voice my profound concern and utter disappointment with the performance of Mr. Scott Nago. The events that transpired on election night in Honolulu were nothing short of a complete and total failure of leadership under Mr. Nago's command.

Thousands of citizens were left stranded outside in the rain, forced to endure hours in line at voter centers that were woefully unprepared for the turnout. This is an unacceptable situation, and it is a direct result of Mr. Nago's incompetence and lack of foresight.

I have grave concern and profound dissatisfaction with Mr. Nago's decision to employ Rumbeck , a mainland company notorious for its involvement in election interference cases, to print the ballots for Hawaii. This decision raises serious questions about Mr. Nago's judgement and his ability to ensure the integrity of our elections.

Mr. Nago's complete lack of knowledge regarding the number of ballots printed, the distribution of these ballots, and the associated costs is alarming and unacceptable. His inability to provide answers to the legitimate questions posed by the community demonstrates a level of ignorance that is not only frightening but also poses a direct threat to the transparency and fairness of our electoral process.

Moreover, Mr. Nago has demonstrated a blatant disregard for both State and Federal laws by allowing the chain of custody for our ballots to be compromised. This is an appalling breach of trust that strikes at the very heart of our society. The depth of Mr. Nago's incompetence appears to be limitless, and his actions have significantly undermined the integrity of our electoral process.

It is not only highly inappropriate but also completely unjustifiable to even consider rewarding Mr. Nago with a raise under these circumstances. I implore you to take swift and decisive action by demanding his immediate resignation. The very integrity of our electoral system hangs in the balance, and it is imperative that we have competent and trustworthy individuals leading the process. Mr. Nago's continued presence in his role represents a clear and present danger to the fairness and transparency of future elections. Time is of the essence, and we must act now to protect the democratic foundations of our society.

In conclusion, Mr. Nago's glaring lack of leadership has severely eroded public confidence in the integrity of our electoral process. I have faith that you will treat this matter with the utmost seriousness it deserves and take decisive action in the best interest of our community. We simply cannot afford to compromise the very principles that form the bedrock of our society by allowing individuals who fail to meet the required standards to remain in positions of authority. I eagerly await your prompt response and the swift action necessary to rectify this dire situation.
