

Election Commission Testimony 10/1/2025

Because of difficulty overcoming the mute/unmute feature, following submitted:

- 1960 election in Hawaii identified Richard Nixon President. A recount was performed and John F Kennedy was declared winner by a smaller difference. A third count was Not done and Hawaii's presidential vote was certified for JFK.

- On 9/30/25 I participated in a Zoom event with 217 participants and the Keynote speaker was LTG Mike Flynn USA (ret). He pointed out that:

- a. Elections have consequences,
- b. USA is NOT 1 generation from loosing our constitutionality, but only 1 President away,
- c. Foreign Influence is in our elections,
- d. CURRENTLY our US Navy is of the coast of Venezuela, countering election interference actions,
- e. Mike Flynn has an office in DC and meets routinely, with SECWAR Hegseth, Dir Gabbard, SECSTATE Rubio, members of congress, Pentagon & WH officials.

- Therefore, I support:

- a. voter ID
- b. in person Voting
- c. paper ballots
- d. one day voting
