

Elections Commission
802 Lehua Avenue
Pearl City, Hawaii 96782

Dear Chair Curtis and members of the Elections Commission:

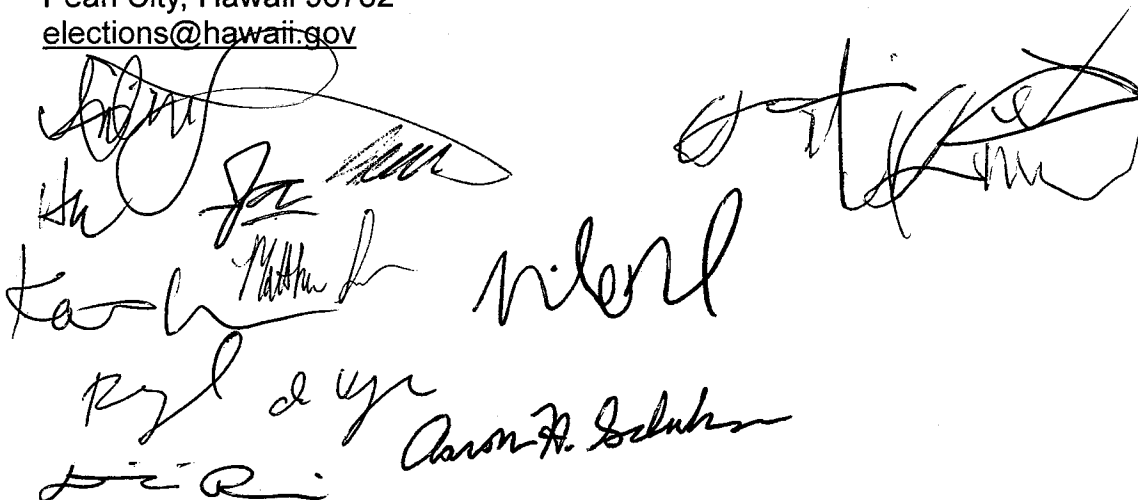

The staff of the Office of Elections continues to offer their strong support of Scott Nago to serve as the Chief Election Officer. Mr. Nago's dedication, experience, and integrity are integral to the operations of our office and have been invaluable to the conduct of the elections over the course of his career with the office, and in his tenure as Chief Election Officer.

As Chief Election Officer, Mr. Nago's approach is to encourage learning and improvement of processes, as well as team member improvement. A lot of our long-term staff were initially hired into seasonal, temporary positions and we have been supported to grow into career positions. Mr. Nago values cultivating institutional knowledge across operational sections to help the entire team understand the conduct of elections broadly and to foster teamwork by being able to anticipate the needs of all members. The institutional knowledge supplied by Mr. Nago is required on a daily basis, both for historical understanding and future planning. Knowing how and why things are done a certain way provides us the opportunities for learning and improvement. Our office staff is relatively small, and our responsibilities and duties are far-reaching. Conducting the election requires that we as staff track current events including weather, traffic, and security concerns, along with the process of conducting the elections. Mr. Nago helps us to focus on our main tasks of conducting the elections - providing secure, accessible, and convenient services for voters to the best of our abilities.

Trust, integrity, and creativity are required to work as a team through the election cycles, connect with voters and volunteers, and problem solve in the moment. Mr. Nago has and instills these values and traits necessary to continue as Chief Election Officer.

Thank you for your consideration and the opportunity to express our strong support for Chief Election Officer Scott Nago.

Sincerely,
Office of Elections Staff
802 Lehua Avenue
Pearl City, Hawaii 96782
elections@hawaii.gov

A collection of approximately ten handwritten signatures in black ink, arranged in a cluster below the typed name of the Office of Elections Staff. The signatures vary in style, with some being more legible and others being more stylized or cursive. One signature at the bottom right appears to read "Carson H. Seluk".

Federal DOJ Sues Hawai'i For Refusing To Provide Voter Data

The U.S. Department of Justice this week added Hawai'i to the list of 17 other states it has hauled into court as part of the Trump administration's effort to gather sensitive personal information on all registered voters across the

nation.

U.S. Attorney General Pamela Bondi wrote to Hawai'i Chief Elections Officer Scott Nago on Sept. 8 to request the voter registration information, including drivers license numbers and partial social security numbers. That request has been made to at least 40 states, according to the Brennan Center for Justice.

Nago refused, and on Thursday the DOJ filed suit in Honolulu federal court.

Subject: [EXTERNAL] Voter registration rolls
Date: Friday, December 12, 2025 2:46:52 PM

Aloha. I have just read an article in civil beat that announced that the Trump DOJ is suing the state of Hawaii because Hawaii has refused to turn over their voter registration rolls that include personal information .

Please let the chief elections officer, Mr. Nago know that I fully support his decision and thank him for resisting what sounds to me like yet another illegal order from this administration. When I was in school and they were still teaching social studies, one of the things I learned was that the states were charged with conducting elections. The current demand for voter registration rolls constitute a demand for information that the federal government has no business collecting.

I say hands off our voter rolls . And if Mr. Nago starts a GoFundMe for his legal bills to fight this case, please let me know, and I will contribute.

Many thanks,

Susan Werner
Haiku, Hawaii

P. S. I am legally blind and have been able to vote electronically now for several years and I want you to know. I greatly appreciate this accommodation so that I can still participate in what I hope continue to be free and fair elections.

From: [Andrew Black](#)
To: [OE.Elections](#)
Subject: [EXTERNAL] Voter roles and federal integrity
Date: Saturday, December 13, 2025 2:26:49 PM

Aloha,
I've written several representations and spoken publicly.

It's obvious that our elections are not secure. My household receives mail in ballots for dead people, ballots for people that don't live there. We have no tracking ability from county to state. We have a mess.

If you vote in person, by hand written ballot, it still goes into a machine. That's not secure. It's been demonstrated.

Just 15 years ago we still were all voting in person, in our district. Counting ballots with two observers. Tracked and validated.

In the last presidential election 2 of my neighbors gleefully stated that they voted twice with the extra mail in ballots they had on hand. Is this a secure valid election?

I see in the news that Hawaii island had 19,000 extra votes cast in the last general election. We need to know our vote counts or else we live in tyranny.

Meanwhile the resist campaign wants you to stonewall the federal government who asks the state to clean up its roles and tighten up its validity. I've seen polling on this matter. It's overwhelming, we all want a better and more secure system.

The weirdos that want to obfuscate our elections are criminal. It's criminal to steal other people's vote! To create a poor system. To allow anyone to steal an election!

Please respond to the majority of voters who want more secure elections. Cooperative with the federal authorities. They have the right to straighten out federal elections whether we "resist" or not after all. The scotus will side with them and if we don't do either it gives the appearance of criminality in our own government!!!
Restore faith in our elections please!

Aloha!

From: [Michelle S](#)
To: [OE.Elections.Commission](#); [OE.Elections](#)
Subject: [EXTERNAL] DOJ Election Investigation
Date: Tuesday, December 16, 2025 7:51:11 PM

Aloha Chair Curtis, Members of the Hawai‘i Elections Commission, and CEO Nago:

I am writing as a concerned Hawai‘i voter to express my support for the United States Department of Justice’s election investigation and to respectfully request that the Elections Commission and the Office of the Chief Election Officer **fully and promptly comply** with the DOJ’s requests for information.

I urge the Commission not to delay in providing the requested records and to work cooperatively with the Department of Justice to ensure compliance with applicable federal election law.

The integrity of our elections depends on accurate voter rolls, proper safeguards, and transparency. When voter rolls are not properly maintained, **vote dilution can occur**, diminishing the value of lawful votes and undermining public trust in the election process. Preventing vote dilution is not a partisan issue — it is a fundamental obligation owed to every voter in Hawai‘i.

I strongly believe that cooperation with the DOJ provides an opportunity to:

- Ensure Hawai‘i’s voter rolls are accurate and up to date
- Identify and correct systemic issues that allow discrepancies to persist
- Restore confidence in our elections through transparency and accountability

Working collaboratively with federal authorities to address these concerns will strengthen, not weaken, Hawai‘i’s election system. Public confidence in elections can only be restored when voters see that laws are being followed and that oversight is welcomed rather than resisted.

I respectfully request acknowledgment of this testimony and ask that the Commission address this matter publicly without further delay.

Mahalo for your time and for your service to the people of Hawai‘i.

Respectfully,

Michelle R. Stefanik

Attention : Scott Nago & the Hawaii Elections Commission Members,

The Hawaii Public has been made aware of the DOJ's request to investigate the Hawaii Elections voter registration records. Therefore, I am in agreement that this request be fulfilled accordingly for the purpose of ensuring the integrity of our state's elections process.

I expect that the Hawaii Elections Commission and Scott Nago be in compliance with the request submitted by the DOJ to turn over all Voter Registration records for the State of Hawaii, immediately. No harm, No foul! If all state and government elections protocols have been in compliance according to election laws, there will be no issues found. Yet, if there are discrepancies, the DOJ will identify such, wherefore, ensuring the integrity of a safe & fair election for the citizens of Hawaii.

Should you have any questions concerning my request for your compliance with the DOJ, please contact me.

One-Day, In-Person, Hand-Counted Voting is A MUST!

I submit this testimony in support of one-day, in-person voting with hand-counted ballots.

According to the State's Report on Purported Big Island Ballot Discrepancy (September 29, 2025), 76,587 return identification envelopes were logged, while USPS Business Reply Mail receipts totaled only 57,553—a discrepancy of approximately 19,000 envelopes.

Until this difference is fully reconciled with transparent chain-of-custody documentation, public confidence cannot be restored. For election integrity and trust, Hawai'i must return to one-day, in-person, hand-counted voting.

Mahalo for the opportunity to testify.

I submit this testimony in support of restoring one-day, in-person voting only.

The State has not demonstrated a clear, auditable chain of custody for nearly 20,000 ballots on Hawai‘i Island—in an election decided by fewer than 10,000 votes.

Public claims that this discrepancy is “fiction” are contradicted by the State’s own report. The Report on Purported Big Island Ballot Discrepancy dated September 29, 2025, states that 76,587 return identification envelopes were logged, while USPS Business Reply Mail receipts totaled only 57,553—a difference of approximately 19,000 envelopes.

This is not speculation. It is taken directly from the official report.

Until this discrepancy is fully reconciled with transparent chain-of-custody documentation, public confidence cannot be restored. For election integrity and trust, Hawai‘i must return to one-day, in-person voting only.

Sincerely,
Nancy Hayashi

To whom it may concern.

Hawaii's election integrity is at an all-time low. As a veteran voter participating in numerous elections over many decades in Hawaii, I demand we return to non-electronic counting-same-day voting and hand counting like we used to have. We need to bring back an open process where anyone who is a watcher is allowed to inspect and report on all of the processes to make sure that the elections are honestly carried out. What is there to fear? The people? or the process that is so electronically hidden, proprietary software that we cannot compare hand-counting to the machine counting. What kind of nonsense is this? It's the kind of nonsense that removes the people and their vote from meaningful cross checking, and this is how the people's vote are made irrelevant and this is how we lose our constitutional republic. Bring Back one-day in-person voting with manual voting, and manual counting! No automatic counting by computers and absolutely no AI.

Sincerely,

Ken Honma. Kurtistown Hawaii

Subject: [EXTERNAL] Public Testimony on Big Island Ballot Discrepancy (Restore one-day, in person voting only)
Date: Monday, December 22, 2025 1:38:17 PM

Aloha,

I submit this testimony in support of restoring **one-day, in-person voting only**.

The evidence before us is overwhelming. The State has failed to demonstrate a clear, auditable chain of custody for **nearly 20,000 ballots on Hawai'i Island**, and that is unacceptable in any election—especially one decided by fewer than 10,000 votes.

Public statements have claimed that the “19,000-vote discrepancy is complete fiction” and merely a “spectacle” meant to alarm the public. That claim is contradicted by the State’s own report.

The *Report on Purported Big Island Ballot Discrepancy* dated September 29, 2025, authored by Chair Jeffrey M. Osterkamp and Commissioners Clare McAdam and Kahiolani Papalimu, states:

“The Big Island’s count of return identification envelopes was **76,587**, an eight-ballot difference. (Appendix 2, p. 6.) However, Commissioner Ralph Cushnie represented that receipts of United States Postal Service (‘USPS’) Business Reply Mail (‘BRM’) Big Island mail-in envelopes totaled just **57,553**.”

That is a documented numerical discrepancy of approximately **19,000 envelopes** between ballots logged in the State’s system and USPS Business Reply Mail receipts.

This is not fiction. It is not speculation. It is taken directly from the official report.

Until the State can publicly and transparently reconcile this difference with complete chain-of-custody documentation, confidence in mail-in elections cannot be restored.

For the integrity of our elections and public trust, Hawai'i must return to **one-day, in-person voting only**.

Mahalo for the opportunity to testify.

Subject: [EXTERNAL] Testimony on method of counting ballots
Date: Monday, December 29, 2025 11:15:05 PM

Aloha,

I'm writing to state strongly that voting is a sacred duty for people who care about having people serve that represent our values. The safest, simplest, most secure way to ensure that this sacred duty is honored is IN PERSON, PAPER, HAND COUNTED, ONE DAY elections. Our ballots should be more secure than our bank accounts and our financial data... data that is hacked constantly. The Pentagon defends against hundreds of hacking attempts daily - nothing electronic can be trusted - everything is hackable. Mail in ballots are the second most easily manipulated voting methods. My county has around 19,000 vote discrepancy from post office receipts to state reports. There should not be ONE discrepancy. This is so sacred and important that even shut-ins should not do mail in ballots! They can be provided a form wherein they can appoint a trusted person to bring their ballot in on their behalf, in person - and have a notarized form showing that this person is their trusted courier - only military personnel should be granted a means of mail-in balloting - and that with additional checks and balances.

Thank you for protecting our most sacred duty from manipulation and cheating by restoring IN PERSON, PAPER, HAND COUNTED, ONE DAY Elections.

Mahalo

We voters on Moku O Keawe are up in arms angry that our personal ballots were not counted in 2024.

Jon Hendricks was in charge for scott nago as county clerk for Hawai'i County.

We are asking through this email , for full exposure of this serious federal crime of missing ballots on our island - BIG ISLAND- general election of 2024 in Kona where I voted in person as well as 3400+ west-side voters did as well.

The voter machine printed out how many ballots went through the machine {a tally #} at approx 1;00pm at Kona county complex

Sent an inquiry to all 350+ registered voters in precinct 8-1, north Kohala County of Hawai'i
I received answers back via phone calls, texts, emails stating they voted by mail, not at local drop box, some did use drop box, 12+ myself and secretary of precinct 8-1 voted in person on Election Day in Kona County office bld G.

U as appointed commissioners have the obligation to be transparent and honest elections.

Plz commissioners all 8 ????

Chair Curtis

K. Paplimu

Dylan Andrion

James Apana

Lindsey Kammy

Ralph Kushnie

John Sabas

Jeff Osterkamp

Where is ninth commissioner?

By hrs 9 commissioner s

Mahalo for keeping the voting integrity by not allowing the DOJ to meddle in elections, of which they have no right!

Aloha and all the best,

Mona

Dear Commissioners,

It is of utmost importance that you do ALL you can to protect our right to mail in voting.
There is NO study that shows mail in voting is fraudulent.

So many people cannot get to the polls in person- I mean it is obvious! Some people dont have cars, some are sick, some have jobs they can't leave even if they employers is supposed to let them, some might be traveling, some might be stationed temporarily off island they - meaning the Post office under DeJoy, tried to limit the post office, took away so many blue boxes and made it much harder to even mail in a ballot already.

To vote is a right and an obligation for the citizen, everything that can be done to encourage citizens to vote should be done.

Mail in ballots are practical and necessary.

Protect our mail in voting- thank you.

Aloha,
Gail Hutchinson

Subject: [EXTERNAL] HAWAII ELECTIONS COMMISSION MEETING
Date: Monday, January 5, 2026 2:11:47 PM

Aloha! On the afternoon of november 5, 2024, I observed hundreds of voters standing in the heat at the civic center waiting to vote. I enquired for the reason the line was not moving, and was told they had run out of ballots, and had to wait for more ballots to be delivered from Hilo. The wait was about 2 hours. Meanwhile more voters were arriving. Some left. But hundreds of Hawaii voters waited for more than 2 hours for an opportunity to cast their ballots in person.

Now, I have been told it was not ballots they ran out of, but the registration forms. I don't believe it. They could have printed the forms, but the ballots had to be original.

Now I hear that there is a 19,000 discrepancy between the number of ballots cast and the number of ballots counted in Hawaii county. What happened?

Was my vote counted?

Why has there not been an audit?

When will the voters be made privy to the investigation and audit of the 2024 election? (When will we, the voters, receive a full accounting and audit of ballots?)

We the people of Hawaii, demand:

- *The resignation of Scott Nago,
- *Resignation of Chair Curtis,
- *Count the vote with Observers,
- *Chain of custody for ALL Counties,
- *Promote a NEW Chairman,
- *Hire a NEW Chief Elections Officer,
- *Independent Outside Audit,

And,

- *Return to local precincts, one election day, paper ballots, hand counted and reported on the same day.

Ask the voters what they think; put the question on the ballot.

Do you fear a shortage of volunteers? I and many others will gladly make ourselves available.

Voting machines and counting machines haven't made elections more efficient; on the contrary, they have complicated them, and provided increased opportunity for errors and fraud.

SINCERELY,
ELIZABETH M COOK
