Elections Commissioner Ralph Cushnie

RE: HAVA Complaint

Dear Commissioner Cushnie,

On September 25, 2025, you submitted a letter to the Elections Commission in which you sought for it to hear what you framed as complaint relating to compliance with the Help America Vote Act of 2002 (HAVA). It appears your letter was framed with the understanding that the authority of the Elections Commission to hear complaints under HRS § 11-7.5 and reflected in Chapter 3-170, HAR, encompassed the complaint process required by federal law for HAVA complaints. Specifically, you noted that "Hawai'i is required to maintain an administrative complaint procedure to resolve alleged violations of Title III of HAVA."

In relation to your complaint, you appeared to allege that there was a ballot discrepancy in relation to the 2024 General Election results related to the County of Hawaii and that this constituted a HAVA violation.

In terms of the parties to your complaint, you listed yourself as an Elections Commissioner as the "Complainant" and you listed the Office of Elections, the Elections Commission, the Chief Election Officer, and members of the Elections Commission as the "Respondent." You sought "a hearing on the record, with the opportunity to present evidence and cross-examine as required by Section 402 of HAVA."

There are two main issues as it relates to your complaint. First, there is the issue of whether the Elections Commission is entrusted with the authority to conduct any

administrative complaint process referenced in HAVA or if that authority rests with the Chief Election Officer unless clearly delegated by state law to the Elections Commission. The second issue is how to address the inherent conflict that exists in your complaint as an Elections Commissioner against the Office of Elections, the Elections Commission, the Chief Election Officer, and members of the Elections Commission.

Issue 1 (Authority to Resolve HAVA Complaints)

As a starting point, Art. IV, § 3 of the Hawaii Constitution provides that "[t]he legislature shall provide for a chief election officer of the State, whose responsibilities shall be as provided by law and shall include the supervision of state elections." In effectuating this, the Legislature has passed a variety of laws outlining how elections are to be conducted and the roles and responsibilities of the Chief Election Officer and the county clerks. Title 2, HRS (Chapters 11-19, HRS).

The duties and responsibilities of the Chief Election Officer and county clerks are primarily summarized in HRS §§ 11-110(b)(1)(A) & (B). In regular elections, "[t]he counties shall be responsible for voter registration, absentee voting, voter service centers, places of deposits, and the mailing and receipt of ballots" and "[t]he State shall be responsible for the printing and counting of ballots." Additionally, HRS § 11-2 provides that the State is responsible for "public education with respect to voter registration and information."

Consistent with this, state election law is filled with specific references to the "chief election officer" and the county "clerk" reflecting their inherent duties and responsibilities. See Title 2, HRS, and Chapter 3-177, HAR.

Separate and apart from the actual performances of these duties and responsibilities, there is an Elections Commission that is addressed in a handful of statutes. HRS §§ 11-7 to 11-9. Its primary duties are to employ and to evaluate the performance of the Chief Election Officer. HRS § 11-7.5(4) and (5). As it relates to effectuating those duties and responsibilities, it has the ability to "[i]nvestigate and hold hearings for receiving evidence of any violations and complaints." HRS § 11-7.5(2).

However, this is distinguishable from the handling of a complaint filed pursuant to a procedure required by federal law. Specifically, HAVA requires a state-based administrative complaint process administered by the State. 52 USC § 21112(a)(1). For purposes of HAVA and various other federal laws, the Chief Election Officer in our state and the Secretary of State frequently in other states is considered the State for purposes of compliance with those laws, absent a specific state law to the contrary.

Consistent with this, on October 28, 2025, we informed you, with a copy to the Elections Commission, that the Elections Commission had no actual jurisdiction to decide alleged violations of HAVA and that it was not the proper venue for your

complaint. Our position remains the same today. Specifically, it is the Chief Election Officer, as opposed to the Elections Commission, that has authority to address HAVA complaints brought pursuant to Section 402 of HAVA (i.e. 52 USC § 21112).

Issue 2 (Handling of HAVA Complaints)

Having said that, to the extent your complaint is considered to have been submitted to my office, the next issue is to determine how your complaint should be addressed. Pursuant to HAVA, “the State shall make a final determination with respect to a complaint prior to the expiration of the 90-day period which begins on the date of the complaint is filed.” 52 USC § 21112(a)(2)(H).

As previously noted, your complaint is made as an Elections Commissioner against the Office of Elections, the Elections Commission, the Chief Election Officer, and members of the Elections Commission. This framing of the complaint naturally raises a variety of possible conflict issues. Of note, your complaint could be seen as requesting this office to sit in judgment of itself or of the Election Commission.

In considering how other jurisdictions have handled such HAVA complaints, we would note that Wisconsin has indicated that it is appropriate for such complaints to be “disposed of without consideration” to address “the need to avoid conflicts associated with an adjudicative body deciding a matter brought against itself, similar to the provisions of law and ethics precluding a judge from presiding over a case filed against herself, or someone with personal or professional ties to her.” Specifically, it noted, in part, the following:

This communication is to inform you that the verified complaint you submitted is being disposed of without consideration by the Wisconsin Elections Commission (“the Commission”) because it names Deputy Administrator Robert Kehoe, Administrator Meagan Wolfe, individual Commissioners, and the Commission itself as the Respondents. It is the position of the Commission that a complaint against the Commission, against Commissioners in their official capacities, or against Commission staff, including the Administrator, warrants an ethical recusal by the body. The Commission’s position reflects the need to avoid conflicts associated with an adjudicative body deciding a matter brought against itself, similar to the provisions of law and ethics precluding a judge from presiding over a case filed against herself, or someone with personal or professional ties to her. The concept of recusal is well-established in published jurisprudence, and dates back at least to the early days of the Republic. See *Caperton v. A.T. Massey Coal Co., Inc.* 556 U.S. 868, 876 (2009) (quoting *The Federalist* No. 10, p. 59 (J. Cooke ed. 1961) (J. Madison)) (No one may “be a judge in his own cause, because his interest would certainly bias his judgement, and, not improbably, corrupt his integrity.”)

Bernegger v. Kehoe, et al. (EL 25-81) (Wisconsin Elections Commission).

Our office likewise has decided that it is appropriate for your complaint to be “disposed of without consideration” to address “the need to avoid conflicts associated with an adjudicative body deciding a matter brought against itself, similar to the provisions of law and ethics precluding a judge from presiding over a case filed against herself, or someone with personal or professional ties to her.” *Id.*

Given this, this letter shall constitute a final determination with respect to your complaint. Specifically, it is a final determination in that we will be taking no further action on your complaint.

Very truly yours,

Re: Complaint Form Filed with the Wisconsin Elections Commission
Peter Bernegger v. Robert Kehoe et al (EL 25–81)

Dear Mr. Bernegger,

This communication is to inform you that the verified complaint you submitted is being disposed of without consideration by the Wisconsin Elections Commission (“the Commission”) because it names Deputy Administrator Robert Kehoe, Administrator Meagan Wolfe, individual Commissioners, and the Commission itself as the Respondents. It is the position of the Commission that a complaint against the Commission, against Commissioners in their official capacities, or against Commission staff, including the Administrator, warrants an ethical recusal by the body. The Commission’s position reflects the need to avoid conflicts associated with an adjudicative body deciding a matter brought against itself, similar to the provisions of law and ethics precluding a judge from presiding over a case filed against herself, or someone with personal or professional ties to her. The concept of recusal is well-established in published jurisprudence, and dates back at least to the early days of the Republic. *See Caperton v. A.T. Massey Coal Co., In.* 556 U.S. 868, 876 (2009) (quoting The Federalist No. 10, p. 59 (J. Cooke ed. 1961) (J. Madison)) (No one may “be a judge in his own cause, because his interest would certainly bias his judgement, and, not improbably, corrupt his integrity.”)

Additionally, the lead opinion of the Wisconsin Supreme Court in *Teigen et al. v. Wisconsin Elections Commission et al.*, is persuasive, and stated that “it would be nonsensical to have WEC adjudicate a claim against itself under § 5.06(1).” 2022 WI 64, 33, 403 Wis. 2d 607, 976 N.W.2d 519, *overruled in part on other grounds* by *Priorities USA v. Wis. Elections Comm’n*, 2024 WI 32. It would be similarly nonsensical to have the Commission adjudicate a claim against itself under § 5.061. Justice Hagadorn’s concurrence further stated that “the better reading is that the § 5.06 complaint process does not apply to complaints against acts of WEC as a body.” *Id.* ¶169.

Furthermore, the Commission’s need to recuse itself from consideration of this matter also extends to the Respondents Wisconsin Division of Enterprise Technology (DET) and DET Administrator Trina Zanow.

On Page 7 of your complaint, you state: “WEC and DET have not implemented adequate technical safeguards to prevent unauthorized access [to MyVote], as evidenced by the Harry Wait incident and WEC’s own admissions.” Similarly, on Page 10 of your complaint, you state: “If federal funds, such as HAVA grants, were used to develop or maintain MyVote, WEC and DET were legally obligated to evaluate and mitigate privacy risks in advance.” On Page 11 of your complaint, you state: “Accordingly, the Complainant alleges that the MyVote portal, as operated by Meagan Wolfe, WEC, and DET, constitutes a material violation” of a series of laws. Finally, one of

Wisconsin Elections Commissioners

your categories of requests for relief on Page 17 of your complaint states “that no future voter-facing system designed or operated by WEC or DET be deployed unless” it meets certain conditions. You also allege on Page 18 that “Respondents Meagan Wolfe, [the WEC], and officials within the [DET] may be criminally liable.”

You do not appear to make any additional allegations against DET or DET Administrator Zanow that do not also make concurrent allegations against the Commission, Commissioners, or Commission staff. The Commission does not believe that the allegations against the DET Respondents can be separated to permit the complaint against the DET Respondents to move forward. The Commission is unable to adjudicate your claims against the DET Respondents without also necessarily adjudicating claims against itself. Accordingly, your complaint is also being disposed of without consideration for the DET Respondents.

Nothing in this letter precludes any other right to which you may be entitled under law.

Sincerely,

Angela Sharpe

RE: ECC-25-007

Dear Commissioner Cushnie,

This is in response to your correspondence dated September 25, 2025, in which you seek for the Elections Commission to hear what you have framed as a notarized HAVA Complaint.

To the extent your correspondence could be considered a complaint regarding an administrative act of the Office of Elections within the last 90 days, and you are seeking something within the jurisdiction of the Elections Commission, the administrative rules of the Elections Commission provide our office with an opportunity to respond. HAR §§ 3-170-6 to 3-170-8.

It is our understanding that the Elections Commission has no jurisdiction to decide alleged violations of the Help America Vote Act. Given this, the Elections Commission is not the proper venue for your complaint.

This concludes our response to your correspondence. Consistent with HAR § 3-170-8, a copy of this response is being forwarded to the Elections Commission.

Commissioner Ralph Cushnie

Aloha Chair Curtis, Commissioners, and Chief Election Officer Nago,

Attached is a copy of my notarized HAVA Complaint with supporting attachments regarding the unexplained 19,042-ballot discrepancy in Hawai'i County's 2024 General Election. The original notarized complaint will be sent by certified mail to the Office of Elections for the official record.

Pursuant to HAR §3-170 and HRS Chapter 92, I respectfully request that this complaint be placed on the October 1, 2025 Elections Commission meeting agenda as a formal action item, and that it be circulated to all commissioners and included in the public meeting packet.

Given the seriousness of this matter and the federal implications under the Help America Vote Act, timely consideration by the full Commission is essential.

Mahalo for your attention to this request. Please confirm docketing of this complaint for the October 1 meeting.

Sincerely,
Ralph Cushnie
Elections Commissioner

Election / Subject of Complaint

2024 General Election – Hawai'i County Mail Ballot Envelope Discrepancy and USPS
Business Reply Mail (BRM) Postage

Statement of Jurisdiction

This complaint is filed under Section 402 of the Help America Vote Act of 2002 (42 U.S.C. §15512) and HAR Chapter 3-170. Hawai'i, as a recipient of federal HAVA funds, is required to maintain an administrative complaint procedure to resolve alleged violations of Title III of HAVA.

Statement of Facts

1. Official Hawai'i County records show 57,553 ballot envelopes collected in the 2024 General Election (drop box + USPS BRM receipts).
2. The State's certified report for Hawai'i County shows 76,595 ballots counted.
3. This leaves a discrepancy of 19,042 ballots unaccounted for by envelopes.
4. In an email dated January 8, 2025, Hawai'i County Elections Program Administrator Cori Saiki admitted: "USPS doesn't always provide us with receipts which is the difference in the envelope count you are inquiring about."
5. A UIPA request for daily SVRS envelope processing logs was denied by the Office of Elections.
6. A UIPA request for correspondence between the County and USPS produced no records, confirming no reconciliation was attempted.

7. On March 17, 2025, the Chief Election Officer wrote to the Commission that counties no longer maintain their own chain-of-custody forms, and that the SVRS itself is the "form." This means there are no independent county records.
8. Without USPS receipts for 19,042 envelopes, the County may also have failed to reimburse USPS for postage — raising concerns of misuse of federal HAVA funds.

Legal Basis

- HAVA Section 301(a)(2)(B) & 301(a)(5): Requires voting systems to provide a permanent paper record and be auditable. The missing envelopes and absence of independent records prevent reconciliation.

- HAVA Section 303(a)(1)(A): Requires accurate statewide registration lists coordinated with local officials. Eliminating county chain-of-custody records undermines this requirement.

- Federal funding conditions: HAVA funds may be used for ballot postage. Failure to account for USPS BRM receipts suggests possible misuse of funds.

Relief Requested

9. An investigation into the 19,042-ballot discrepancy in Hawai'i County.
10. Production of all USPS BRM invoices, billing statements, and reconciliation records for 2024.
11. Production of SVRS daily envelope processing totals for the same election.
12. Restoration of independent county-level chain-of-custody documentation.
13. An audit to ensure USPS was reimbursed for all returned ballot envelopes.
14. That this matter be docketed on the next Elections Commission meeting agenda and all complaint documents distributed to commissioners and made available to the public.

Request for Hearing

Complainant requests a hearing on the record, with the opportunity to present evidence and cross-examine, as required by Section 402 of HAVA.

Verification and Notarization

I, Ralph Cushnie, being duly sworn, state under penalty of perjury that the facts set forth in this complaint are true and correct to the best of my knowledge and belief.

JUSTIFICATION

Your request is denied to the extent your request may relate to data from the statewide voter registration system held on behalf of the county clerks. Any request for data from the statewide voter registration system should be directed to the county clerks. Specifically, your request is covered by at least HRS § 92F-13(3) and (4) ("Government records that, by their nature, must be confidential in order for the government to avoid the frustration of a legitimate government function" and "Government records which, pursuant to state or federal law including an order of any state or federal court, are protected from disclosure"). Our election laws indicate that voter registration is the responsibility of the county clerks and that in combined federal, state, and county elections that the counties are responsible for the mailing and receipt of ballots. HRS §§ 11-11 and 11-110(b)(1)(A).

REQUESTER'S RESPONSIBILITIES:

You are required to (1) pay any lawful fees and costs assessed; (2) make any necessary arrangements with the agency to inspect, copy or receive copies as instructed below; and (3) provide the agency any additional information requested. **For questions about this notice or the records being sought, please ask the agency's contact person named at the top of this form.** Also, please submit your payment, if any, to the agency at the address listed at the top of this

form. DO NOT SEND YOUR PAYMENT to the Office of Information Practices (OIP) unless you are requesting records directly from OIP.

If you do not comply with the requirements set forth in this notice within 20 business days after the postmark date of this notice or the date the agency makes the records available, you will be presumed to have abandoned your request and the agency shall have no further duty to process your request. Once the agency begins to process your request, you may be liable for any fees and costs incurred. If you wish to cancel or modify your request, you must advise the agency upon receipt of this notice.

Please note that the Office of Information Practices (OIP) does not maintain the records of other agencies, and a requester must seek records directly from the agency it believes maintains the records. If the agency denies or fails to respond to your written request for records or if you have other questions regarding compliance with the UIPA, then you may contact OIP at [REDACTED] or 250 South Hotel Street, Suite 107, Honolulu, Hawaii, 96813.

METHOD & TIMING OF DISCLOSURE:

Records available for public access in their entireties must be disclosed within a reasonable time, not to exceed 10 business days from the date the request was received, or after receipt of any prepayment required. Records not available in their entireties must be disclosed within 5 business days after this notice or after receipt of any prepayment required. HAR § 2-71-13(c). If incremental disclosure is authorized by HAR § 2-71-15, the first increment must be disclosed within 5 business days of this notice or after receipt of any prepayment required.

Method of Disclosure:

- ☐ Inspection at the following location:
- ☐ As requested, a copy of the record(s) will be provided in the following manner:
 - ☐ Available for pick-up at the following location: [REDACTED]
 - ☐ Will be mailed to you.
 - ☐ Will be transmitted to you by other means requested: [REDACTED]

Timing of Disclosure: All records, or the first increment if applicable, will be made available or provided to you:

- ☐ On _____, 20__.
- ☐ **After prepayment** of 50% of fees and 100% of costs, as estimated below.

For incremental disclosures, each subsequent increment will be disclosed within 20 business days after:

- ☐ The prior increment (if one prepayment of fees is required and received), or
- ☐ Receipt of each incremental prepayment, if prepayment for each increment is required.

Records will be disclosed in increments because the records are voluminous and the following extenuating circumstances exist:

- ☐ Agency must consult with another person to determine whether the record is exempt from disclosure under HRS chapter 92F.
- ☐ Request requires extensive agency efforts to search, review, or segregate the records or otherwise prepare the records for inspection or copying.
- ☐ Agency requires additional time to respond to the request in order to avoid an unreasonable interference with its other statutory duties and functions.
- ☐ A natural disaster or other situation beyond agency's control prevents agency from responding to the request within 10 business days.

ESTIMATED FEES & COSTS AND PAYMENT:

FEES: For personal record requests under Part III of chapter 92F, HRS, the agency may charge you for its costs only, and fee waivers do not apply.

For public record requests under Part II of chapter 92F, HRS, the agency is authorized to charge you fees to search for, review, and segregate your request (even if a record is subsequently found to not exist or will not be disclosed in its entirety). The agency must waive the first \$30 in fees assessed for general requesters, OR in the alternative, the first \$60 in fees when the agency finds that the request is made in the public interest. Only one waiver is provided for each request. See HAR §§ 2-71-19, -31 and -32.

COSTS: For either personal or public record requests, the agency may charge you for the costs of copying and delivering records in response to your request, and other lawful fees and costs.

PREPAYMENT: The agency may require prepayment of 50% of the total estimated fees and 100% of the total estimated costs prior to processing your request. If a prepayment is required, the agency may wait to start any search for or review of the records until the prepayment is received by the agency. Additionally, if you have outstanding fees or costs from previous requests, including abandoned requests, the agency may require prepayment of 100% of the unpaid balance from prior requests before it begins any search or review for the records you are now seeking.

The following is an itemization of what you must pay, based on the estimated fees and costs that the agency will charge you and the applicable waiver amount that will be deducted:

Aloha Mr. Henricks,

I appreciate your email.

I did hear back from Cori Saiki, and she was very kind to let me know that you are keeping an accounting for all ballots and envelopes. That was very good to hear.

I was wondering if I could please get a copy of the documentation of these numbers from the county?

As a candidate, it's important to me that the people of Hawai'i's Trust in elections be restored so that we are able to have a better turnout for future elections.

As a candidate, we invest much time and money into our campaigns.

As a candidate who ran twice, the voter turnout was not great. We have so many people who reside in my district (district 4) and while campaigning, many have expressed their loss of interest, and trust in our elections. As taxpayers, and people who raise their families here, it is so important that they feel heard and that their choices are reflected in our Hawai'i leadership.

I hope you understand where I am coming from, and I appreciate your hard work during these elections. I imagine it may not be easy, but with your help we can restore trust back in to our elections and I know so many would be very appreciative of your efforts.

Mahalo, Mahalo Mr. Henricks. I look forward to hearing from you,

Keikilani Ho

Aloha Ms. Saiki,

This is good news. Would you please send the records that support your claim that your office can account for all the envelopes received by the county during the 2024 General Election? This is great to hear.

As you mentioned, envelopes that are empty or contain more than one ballot would be removed from the total count - so the number of mail in ballots reported should be equal or less than the number of envelopes collected by the county.

My supporters will be happy to see proof that the election was conducted properly.

Thank you so much for helping to resolve this issue, and for your quick response. I appreciate you.

Have a beautiful day.

Sincerely,

Keikilani Ho

Aloha Ms. Ho:

The BRM receipts you reviewed were provided to us by USPS. USPS doesn't always provide us with receipts which is the difference in the envelope count you are inquiring about. Our office manually counts all election envelopes received daily via USPS, drop boxes, email, and voter service centers. Be assured we can account for all envelopes we receive.

On another note, envelope counts will never match with the state's summary report. The summary report is ballots counted. Envelopes opened at counting center may come in empty, with more than one ballot in an envelope, or contain a wrong election ballot (primary ballot in a general election envelope) which will all play a part in the reconciliation process.

Dear Mr. Henricks,

Attached is a summary spreadsheet compiling data from the Hawai'i County 2024 General Drop Box Collection Data sheets and Business Reply Mail receipts for mail return ballot envelopes along with the state final summary report for the County of

Hawai'i.

The Data shows that there were 57,553 Mail in Ballot Envelopes collected by the County of Hawai'i.

The State report shows there were 76,595 Mail in Ballots reported by the State (of Hawai'i).

Please look at this information and let me know if there is anything missing.

According to this information there were 19,042 more mail in votes counted by the State then Collected by the County via drop boxes and from the USPS.

I look forward to your prompt reply.

Sincerely,

SCOTT T. NAGO
CHIEF ELECTION OFFICER

March 17, 2025

Chair Curtis and Members of the Elections Commission
c/o Office of Elections
802 Lehua Avenue
Pearl City, HI 96782

Dear Chair Curtis and Members of the Elections Commission:

Our office has heard various concerns related to the handling of ballots by the county clerks prior to their receipt at our State counting center. They have come in the form of lawsuits, correspondence with our office, and correspondence with the Elections Commission taking issue with various aspects of what these concerns term “chain of custody.” In response, our office would like to provide an overview of the roles of the Office of Elections and county clerks, and the associated transfer of materials from the county to the State.

I. ROLES OF THE OFFICE OF ELECTIONS AND THE COUNTY CLERKS

The roles and responsibilities in the administration of elections in Hawaii are divided between State and county offices.

The Office of Elections is a State agency administratively attached to the Department of Accounting and General Services that provides support to the Chief Election Officer. See HRS § 11-1.5. As provided for in Article IV, Section 3, of the Hawaii State Constitution, the Legislature has established specific statutory responsibilities of the Chief Election Officer that are found in Title 2, HRS.

At the county level, there are the county clerks who are appointed by their respective county councils and have duties and responsibilities based on their county charters, along with specific state laws, a significant portion of which involve the conduct of elections.

The regularly scheduled primary election and general election are considered combined federal, state, and county elections in which federal, state, and county contests, along with questions, appear on the same ballot. Since 2020, all elections are

required to be conducted by mail, with accommodations for voting in person at designated voter service centers. See HRS §§ 11-101 and 11-109.

The duties and responsibilities of the Office of Elections and county clerks in these types of elections are primarily summarized in HRS §§ 11-110(b)(1)(A) & (B). Specifically, “[t]he counties shall be responsible for voter registration, absentee voting, voter service centers, places of deposit, and the mailing and receipt of ballots,” while “[t]he State shall be responsible for the printing and counting of ballots. *Id.* The counting of ballots occurs at State counting centers operated by the Office of Elections. See HRS § 16-41. One of the benefits of the roles and responsibilities of election officials being divided is that it naturally establishes checks and balances of the processes such that there is no single entity completing all tasks and reconciliation.

As an example, the counties receive, validate, and track return identification envelopes, from voters using the statewide voter registration system. From there, the validated return identification envelopes are transferred to the State-operated counting center to open, process, and count. As voted ballots are processed at the counting center, our office compares the number of return envelopes accounted for in the statewide voter registration system to the number of voted ballots counted by the voting system.

II. TRANSFER BETWEEN COUNTY AND STATE

As provided for in HRS § 11-102, election officials “mail a ballot package by non-forwardable mail to each registered voter[.]” except for those who are “identified as having an outdated or non-deliverable mailing address.” The ballot package itself includes: (1) the ballot, (2) return identification envelope; and (3) secrecy sleeve. Voters are also able to choose to vote at a voter service center. See HRS § 11-109.

The statewide voter registration system tracks the issuance of ballots for both mail and in-person voting. In terms of mail voting, the return identification envelope includes a barcode with a unique identifier associated with each voter. Return identification envelopes are scanned by the county clerks as part of the validation process and the statewide voter registration system is updated to reflect the receipt of the return identification envelopes. The system can also track other situations. For example, it can track if a previously validly issued ballot needs to be invalidated, such as when a voter changes address and requires a new ballot associated with the contests in their new community to be issued to them and the previously issued ballot to be invalidated.

For in-person voting, the issuance of a ballot to a voter at a voter service center is tracked by the statewide voter registration system. The voter directly casts the ballot in the voting machine, which scans it and drops it into a secure ballot box. Ballots issued at a voter service center are simultaneously considered received for purposes of the statewide voter registration system in terms of crediting the voter with having voted.

This tracking mechanism in the statewide voter registration system effectuates the language of HAR § 3-177-453(b) (i.e. “The clerk shall maintain a complete and current count of all marksense ballots issued, spoiled, and received in their county. The accounting of marksense ballots by the clerk shall be recorded on forms prescribed by the chief election officer). In other words, the “form” is electronic in that the county clerks interact with the statewide voter registration system for purposes of tracking the issuance, receipt, and spoiling of ballots.

The validated return identification envelopes are transferred by the county clerks to the State for purposes of opening and counting at the State counting center, along with the ballots that were already processed by the voting machines at the voter service centers. The amount of return identification envelopes and voter service center ballots are known values due to the previously mentioned statewide voter registration system that the county clerks interact with to track the ballots.

While the transfer of return identification envelopes and voter service center ballots is the responsibility of the county clerks, we seek to work collaboratively with their offices to conduct honest and efficient elections. As an outline, first, the county clerks secure the voted materials (e.g., return identification envelopes, voted ballot containers). Second, they transfer these items using Official Observers as witnesses to the State counting center. This typically involves a handoff at the county clerk’s office to a team of election officials and Official Observers who take custody of the items.

To emphasize, the counties know the exact number of ballots transferred to the counting center, due to the previously noted statewide voter registration system. In terms of the documentation of the transfer, each county does it in their own way (e.g. some additionally indicate in their documentation the number of envelopes in their documentation, while others do not). The documentation itself consists of either the counties using the State’s multi-purpose Certification of Sealing/Unsealing form, which

is a form used within the State's counting center, or creating its own paperwork to accompany the ballots.¹

At the counting center, the return identification envelopes are opened, and the voted ballots are scanned by the vote counting system and securely stored. However, this does not apply to those having invalid ballot conditions. Invalid ballot conditions which stop a ballot from being counted, such as the envelope or secrecy sleeve is returned without a ballot or the voter returned two voted ballots (e.g. two household members accidentally enclose both of their ballots in a single return identification envelope) are tracked. Ballots invalidated at the counting center are not counted and are securely maintained by the Office of Elections.

2024 General Election Seal Certification Forms

The documents related to the transfer of ballots from the county clerks to our State counting centers are enclosed.

The County of Hawaii used the State's Certification of Sealing/Certification of Unsealing form to transfer materials to the State counting center. The form is a multipurpose form that can be used for various containers and associated content. The Certification of Sealing/Certification of Unsealing documents reflect the documents that a reasonable search of our records have produced that could have been used in

¹ The Certification of Sealing/Unsealing form addresses various procedural matters and is found on pages 33, 51, 57, 83, 100, 108, and 125 of our 2024 Counting Center manual. *Counting Center*, Office of Elections, <https://elections.hawaii.gov/wp-content/uploads/2024-Counting-Center-manual.pdf>, Accessed 12 Mar. 2025. For example, seals are used in conjunction with the documentation of the sealing and unsealing of the following: (1) ballot transport containers (BTCs); (2) discard boxes; (3) equipment transport containers (ETCs); (4) security cages; (5) voted ballot containers (VBCs); (6) written vDrive cans; and (7) other containers. The contents of these items could include the following: (1) certified results; (2) County USB archives; (3) defective ballots; (4) duplicate ballot stock; (5) invalidated ballots; (6) test ballots; (7) test results; (8) unprocessed control packets; (9) vDrives (blank); (10) vDrives (test & accumulation); (11) vDrives (written & audit); (12) Verity Transmit devices; (13) voted ballots (counted); (14) voted ballots (uncounted); and (15) other items.

connection with the transfer of ballots from the county to the State counting center. All of them have been provided, and they have been bates stamped MAUI 001 to MAUI 036.

Our review of these documents reflected that some of the documents concerning the transfer of validated mail ballots, as opposed to voter service center ballots, that we expected to see were not present and may have been misplaced due to human error. We contacted the County of Maui, and it confirmed the process by which it would use the Certification of Sealing/Certification of Unsealing document each time it sealed validated return identification envelopes for transfer. Likewise, we confirmed with counting center staff that they unsealed the containers and filled out the Certification of Sealing/Certification of Unsealing forms as they had in prior elections. The forms ultimately should have been placed in the cut seals envelope, but our search of those envelopes does not reflect the forms.

We would emphasize that this human error appears to have resulted from the volume of forms and documents handled in the course of the election and is not indicative of a systemic issue or breach in the security of the ballots. Election processes are purposefully layered for redundancies. In this and all instances related to the security of the handling of the return envelopes, the county clerks maintain a record of the number of envelopes accepted through the statewide voter registration system on a regular (e.g., daily) basis. Likewise, our office tracks the number of voted ballots counted by the voting system on the dates of counting.

The County of Kauai used their own forms for the transfer of mail ballots, while using the State's Certification of Sealing/Certification of Unsealing forms for voted ballots from the voter service centers. As such, the county created forms, and all of the Certification of Sealing/Certification of Unsealing forms have been provided. They have been bates stamped KAUAI 001 to KAUAI 023.

The City and County of Honolulu used their own forms for the transfer of mail ballots and voter service center ballots. They have been bates stamped CITY 001 to CITY 159. The documentation of ballots associated with the transfer of mail ballots involved two forms. The first is their seal certification form. To the extent the form indicated a security cage or another container held uncounted ballots from its AIPA location, there was a corresponding form entitled "Mail Ballot Transfer Form," which would repeat the name of the container, indicate the number trays, and state the number of envelopes. This would be followed by a sheet of paper indicating each individual tray and how many envelopes were in each tray. Otherwise, the seal certification form was used to transfer voted ballots from its voter service centers. The form would indicate if the location was Honolulu Hale, Kapolei Hale, Kaneohe District

Park, or Wahiawa District Park. Please note that in relation to Seal No. 2456635 (CITY 156 to CITY 159), while it was originally sealed using the City's form, the unsealing of it was documented on the State's form. Otherwise, the unsealing of the City's ballots at the State counting center was done using the original form that had been used to document the initial sealing.

2024 General Election Over/Under Report

Throughout the election, officials regularly track the number of return identification envelopes accounted for in the statewide voter registration system and the number of voted ballots counted by the vote counting system. The final reconciliation, or the Over/Under Report, of the 2 systems is compiled after each election in relation to the certification of the results. The 2024 General Election Over/Under Report is enclosed.

The reconciliation process in which we compare the number of ballots received and validated by the county clerks as documented in the statewide voter registration system against the number of ballots our office counted is one of the safeguards we follow to ensure chain of custody – or the handling, accounting, and security of the ballots. The information in the statewide voter registration system as to who voted is supported by the signed return identification envelopes for all voters who voted by mail and the in-person applications signed by all voters who voted in person. Likewise, the election results are supported by the actual ballots that have been preserved. We would note that the accounting of mail ballots is adjusted to address invalid ballot conditions that were recorded during the ballot opening process at the State counting centers.

As a summary of the 2024 General Election Over/Under report, the table below provides a cumulative comparison on the number of return envelopes received by the county clerk (i.e., Adj. Mail Total, Walk Turnout) as compared to the number of ballots counted at the State-operated counting centers (i.e., Mail Prec. Report, In-Person Prec. Report):

| | Adj. Mail Total | Mail Prec. Report | Walk Turnout | In-Person Prec. Report |
|-----------------------------|-----------------|-------------------|--------------|------------------------|
| County of Hawaii | 76,587 | 76,595 | 7,091 | 7,091 |
| County of Maui | 57,681 | 57,713 | 5,860 | 5,860 |
| County of Kauai | 27,050 | 27,075 | 3,484 | 3,491 |
| City and County of Honolulu | 321,734 | 321,695 | 22,698 | 22,716 |

| | | | | |
|-------------------|---------|---------|--------|--------|
| Total (Statewide) | 483,052 | 483,078 | 39,133 | 39,158 |
|-------------------|---------|---------|--------|--------|

III. CONCLUSION

Recently, the issue of election integrity has been raised by some who allege what they see as “chain of custody” concerns. The processes by which Hawaii election officials maintain “chain of custody” come in many shapes and forms, all of which have merit and credibility. Our election officials, at all levels, work with the utmost integrity and dignity to ensure secure and accurate elections.

Among the allegations is a concern that there is a lack of transparency in the transfer of materials from the county to the State. However, any discussion regarding any alleged risks or opportunities for tampering with our elections first requires an understanding of how our elections operate and the procedures and safeguards that are in place. For example, when someone seeks to review and challenge a single process in isolation, they might not appreciate that the election has to be viewed in totality and that a check may already have been applied or will be conducted later in the process to address the issue they are concerned about. The layered safeguards and intentional checks election officials implement as part of their election processes are meant to work together to prevent and identify issues.

These processes include division of responsibilities between the county clerk and State Office of Elections as well as the tracking, accounting for, and securing ballots by hundreds of county and State election officials and volunteers, statewide. As we strive for excellence with each election, we will continue to work with the county clerks to refine the process of transferring materials between entities.

Finally, we would emphasize that there are provisions to file election contests with the Hawaii Supreme Court to resolve anomalies that challenge the accuracy and integrity of the results. Specifically, complaints in such cases are required to “set forth any cause of causes, such as but not limited to, provable fraud, overages, or underages, that could cause a difference in the election results.” See HRS §11-172. Allegations regarding “chain of custody” must necessarily allege provable fraud, overages, or underages that could cause a difference in the election results.
